GHS LEAD Partners

Becoming a GHS LEAD partner!

Over the years of serving in the Middle East, GHS realizes the value of faithful, consistent partnerships. We are so much more effective in ministry when we know we have committed partners we can count on as part of our team. We pray you will consider becoming a GHS LEAD Partner. It's simple! The commitment is to give consistently each month, give at least $300 per month and pledge to give us a 3 month heads up if the Lord directs you to terminate the partnership. Our LEAD partners will get priority for team hosting and Tech consulting. Also, all LEAD partners will be acknowledged in each GHS Newsletter.

Get started as a partner today by going to this link: *LEAD Partners. GHS is able to minister in the Middle East because of our faithful partners. Thanks for your consideration to join our team.
